Before You

How to Use this Book

Welcome to this book designed to help you expand your knowledge of collocations in American English. My goal is to help you increase your vocabulary and to be able to speak and write more fluently.

Simply put, collocations are words that occur together more frequently than random chance. For example, we often say “fast good” and “quick shower” but not “quick food” and “fast shower.” Using them during writing and speaking will help your English sound more natural.

Let's face it, collocations can be difficult to master, even for the best students. In this book, you'll find hundreds of English collocations that are used in boardrooms, over a meal, and with friends and family around the world.

The best way to learn new vocabulary is in context. That's why I've introduced each one in a dialogue. Then, you'll find a simple definition in plain English. Finally, there is a practice opportunity so that you can review what you've learned.

To get the most bang for your buck, be sure to do the following:

- Review frequently.

- Make sure to do the practice exercises in this book (cover up the answers while you're doing it!)
- Use each collocation in real life as soon as possible.
- Don't be nervous about making mistakes. That's how you'll get better at English!
- Consider studying with a friend so you can help each other stay motivated.
- Use a notebook and write down new collocations (as well as new words, phrasal verbs, idioms, expressions, etc.) that you run across. Review frequently so that they stay fresh in your mind.
- Be sure to read frequently. Choose something that is slightly below your level and try to read it for at least 20 minutes a day. Read quickly and if you don't know a word, guess what the meaning is instead of stopping and looking it up in a dictionary. This is one of the best ways to learn collocations naturally.

There are various types of collocations to be aware of. However, classifying them into the various categories isn't that helpful of an exercise. I list them here for general awareness. This book has a mix of all of the various types you can read about below.

- adverb + adjective (fully aware)

- adjective + noun (regular exercise)
- noun + noun (bar of soap)
- noun + verb (plan took off)
- verb + noun (do my homework)
- verb + expression with preposition (burst into tears)
- verb + adverb (vaguely remembered)

Good luck and I wish you well on your journey to becoming more proficient with English.

About the Author: Jackie Bolen

I taught English in South Korea for 10 years to every level and type of student. I've taught every age from kindergarten kids to adults. Most of my time has centered around teaching at two universities: five years at a science and engineering school in Cheonan, and four years at a major university in Busan where I taught upper-level classes for students majoring in English. In my spare time, you can usually find me outside surfing, biking, hiking, or snowshoeing. I now live in Vancouver, Canada.

In case you were wondering what my academic qualifications are, I hold a Master of Arts in Psychology. During my time in Korea, I completed both the Cambridge CELTA and DELTA certification programs. With the combination of almost ten years teaching ESL/EFL learners of all ages and levels, and the more formal teaching qualifications I've obtained, I have a solid foundation on which to offer advice to English learners.

I truly hope that you find this book useful. I would love it if you sent me an email with any questions or feedback that you might have.

Key Role

Sally: Hey Marty, we need to talk about Tom leaving. It's a **key role** we have to fill thoughtfully. We have a **tendency to** rush through the **hiring process** but it's such a **demanding job** that I don't think we can do that this time.

Marty: Of course, I agree 100% with you. I'm interested in that guy Jim Jones. Do you remember him? He **did a presentation** at that conference we were at.

Sally: I was **impressed with** him too. He won't just **quit his job** though! We'll have to pay him an extremely **competitive salary** to get him to leave.

Marty: I'll **ask around** and see people in that position are getting paid **these days**.

Vocabulary

Key role: An important position.

Tendency to: Usually acts in a certain way.

Hiring process: Putting up a job ad, taking applications, doing interviews, etc. From start to finish.

Demanding job: A job that is difficult and time-consuming.

Did a presentation: Spoke in front of other people about a certain topic.

Impressed with: Felt admiration or respect for.

Quit his job: Gave notice that he would stop working at his job.

Competitive salary: A salary that is similar to what other companies are paying.

Ask around: Enquire.

These days: Recently; now.

Practice

_____, I've been working a lot. Nothing too exciting.

Let me _____. I'm sure someone knows a good plumber.

Let's fast-track the _____. We needed someone yesterday.

The CFO is a _____ in all organizations.

I _____ at the conference last year but I think I'm going to skip this year.

A _____ for a good salesperson is more than \$100,000.

He has a _____ to rush through his homework so he can play video games.

I think he should _____. What a terrible boss.

It's a _____ but it also comes with a very high salary.

I'm _____ how well he did on that test.

Go to War

Owen: Hey, how are things going? You look kind of upset.

Allan: My wife and I **went to war** this morning before I left for work. She **got upset** at me for not **washing the dishes** and **doing laundry** the night before. We're **happily married** but fight about this stuff **all the**

Owen: Are those your jobs?

Allan: Yes, but I **prefer to** do it on weekends while she gets it done every night. I like to **come home** from work and **have a drink** to relax. I'm **jealous of** you and your single life.

Owen: Oh, **it's not all it's cracked up to be** during a pandemic. That's for sure.

Vocabulary

Went to war: A bitter fight.

Got upset: Had an angry feeling.

Washing the dishes: Cleaning plates, pots, etc.

Doing laundry: Washing clothes.

Happily married: A good marriage.

All the time: Always.

Prefer to: Like to.

Come home: Arrive at home after being out.

Have a drink: Drink alcohol.

Jealous of: A feeling where you want what someone else has.

It's not all it's cracked up to be: Something is not as good as it appears to be.

Practice

I'm so _____ his new car.

They seemed _____. I'm surprised to hear about their divorce.

I like _____ before I go to work so I can come home to a clean kitchen.

When I _____, the first thing I do is take off my work clothes.

My kids _____ over who got to use the new video game console first.

I _____ eat at home instead of going out.

Working at Google? _____.

My daughter _____ when I told her that we couldn't have a party because of Covid.

_____ is probably my least favourite chore. There's just so much of it with the kids.

Let's _____ and celebrate your new job.

I'm trying not to think about him _____ but it's been difficult.
